d. Fetch sample data from a public API using Axios.

Code:

```
import axios from "axios";
import { useEffect, useState } from "react";

function App() {
  const [products, setProducts] = useState([]);
  useEffect(() => {
    axios.get("https://dummyjson.com/products")
      .then((response) => {
        setProducts(response.data.products);
      });
  }, []);
  return(
    <div>
      <h1>Product List</h1>
      <hr/>
      {products.map((product) => (
        <div key={product.id}>
          <h2>{product.title}</h2>
          <p>Price: Rs. {product.price}</p>
        </div>
      ))}
    </div>
  );
}
export default App;
```

Output:

Practical 4

e. Display a list of items stored in the state using map().

Q. Develop a React application to create a Movie Watchlist. Use the useState hook to store an array of movie objects containing the movie name, genre, and rating. Use the map() method to iterate through the array and dynamically display the details of each movie on the webpage.

The application should display:

- Movie Name, Genre, Rating

Concepts to be used: useState, arrays, objects, map(), JSX, and dynamic data rendering.

Code:

```
import { useState } from "react";
function App() {
  const [movies] = useState([
    {
      name: "Inception",
      genre: "Sci-Fi",
      rating: 8.8 },
    {
      name: "Interstellar",
      genre: "Sci-Fi",
      rating: 8.7 },
    {
      name: "The Dark Knight",
      genre: "Action",
      rating: 9.0 },
    {
      name: "Avengers: Endgame",
      genre: "Action",
      rating: 8.4 }
  ]);
  return (
    <div>
      <h1>Movie Watchlist</h1>
      <hr />
      {
        movies.map((movie, index) => (
          <div key={index}>
            <h2>{movie.name}</h2>
            <p>Genre : {movie.genre}</p>
            <p>Rating : {movie.rating}/10</p>
            <hr />
          </div>
        )) }
      </div>
    ); }
  export default App;
```

Output:

Movie Watchlist
Inception Genre : Sci-Fi Rating : 8.8/10
Interstellar Genre : Sci-Fi Rating : 8.7/10
The Dark Knight Genre : Action Rating : 9/10
Avengers: Endgame Genre : Action Rating : 8.4/10
